AT THE TEAPOT GROCERY

ZEWADSKI AT THE CAPITAL

Mr. Zewadski, of Marion, has offered a resolution in the house that the speaker appoint a bill clerk, urging that such an officer would save to the state many times his cost, because of the aid he would be in the dispatch of business. There was some opposition to this, but the resolution will probably be adopted.

Mr. Palmer, of Orange, makes a fine speech, as does also Mr. Zewadski, of Marion.—Metropolis.

Mr. Zewadski has been appointed chairman of the house committee on judiciary.

SOME UNGRATEFUL CUBANS

They Have Already Forgotten That But for the United States They Would Have No Country

Havana, April 4.—At a meeting, held yesterday, of Cuba's leading politicians, including many members of the constitutional convention and the secretary of state, it was resolved to reject the Platt amendment.

The resolutions state that Cuba will abide the consequences, in the event that no modification of the American demands can be obtained, and no tariff or other commercial advantages offered in compensation for what Cuba is expected to yield.

It was suggested by some of those at the meeting that all the leaders of the late revolution against Spain, hold a rally, to prepare for resistance to American usurpation.

The rejection of the Platt amendment is regarded as certain. Conditions are very unsettled.

The opinions of these politicians, however, do not represent the general sentiment of the people.

TO BUILD PANAMA CANAL

American Financiers Willing to Put Up Money for This Great Undertaking

New York, April 4.—It now looks as if the Panama canal venture is to go through at last, and that Americans will be responsible. It is stated here on good authority that a provisional bankers' syndicate has been formed, with resources of \$150,000,000, for financing the Panama canal construction. The promoters say the canal can be completed for \$100,000,000. The financiers interested in this movement are very much in earnest, and will overcome every obstacle.
